

Connect to AMASDA at:

<https://arkarcheology.uark.edu/amasdaonline/index.html>

## Request Login

The screenshot shows a Mozilla Firefox browser window displaying the AMASDA ONLINE website. The browser's address bar shows the URL <http://arkarcheology.uark.edu/amasdaonline/index.html>. The website header features the Arkansas Archeological Survey logo on the left and the text "AMASDA ONLINE Automated Management of Archeological Site Data in Arkansas" on the right. Below the header, there is a navigation menu with "About Us" selected. The main content area is titled "Introduction" and contains the following text: "AMASDA Online is a website that brings together information that is kept in separate databases and allows interaction through a web interface." Below this text are three links: "Login Here", "Request Login", and "Directions for Installing Certificates". A note below the last link states: "(This will stop the authentication errors that pop up when you try to login.)". At the bottom of the page, there are links for "Home" and "About Us", and a "View Printer Friendly Page" link. The footer of the page indicates the last update date: "Last Updated: March 3, 2008 at 12:20:36 PM Central Time".

**Log on.**

**User name and password are case sensitive.**

The screenshot shows a Mozilla Firefox browser window displaying the login page for AMASDA ONLINE. The browser's address bar shows the URL: <https://arkarcheology.uark.edu/amasdaonline/index.html?pageName=entryexit>. The page header includes the Arkansas Archeological Survey logo and the text "AMASDA ONLINE Automated Management of Archeological Site Data in Arkansas". A navigation menu contains "About Us". The main content area is titled "Login/Logout Page" and features two input fields: "Enter User Name: leladonat" and "Enter Password: \*\*\*\*\*". A "Login" button is positioned below the password field. At the bottom of the page, there are links for "Home" and "About Us", and a "View Printer Friendly Page" link. The footer indicates the page was last updated on July 21, 2006, at 10:26:25 AM Central Time. The browser's status bar at the bottom shows "Done" and the address "arkarcheology.uark.edu".

Done arkarcheology.uark.edu

## And now choose Search AMASDA.

Arkansas Archeological Survey  
AMASDA ONLINE  
- Archeological Sites Database -

Search AMASDA    Citations    Radiocarbon    Study Units

**Main Query**

Select a Table:

Site Number:

Temp Site Number:

Date Site Number Assigned:

Date Coordinating Office Received Site Form:

Date of Last Field Visit:

Visit by Survey Personnel:

Locational Reliability:

Additional Site Numbers:

---

Site Name:

Site Name:

## Choose Select a Table.

**Site info**                    information about individual sites

**Projects**                    information about archeological projects

Please note there are many tables listed. Most of these are “behind the scene” tables that link the various AMASDA tables. Just ignore them.

Site info has over 125 fields that you can search. If you want all the fields, chose select all fields and type in your search request.

For example:

1. Select All Fields
2. In the Site Number field 3BE0413
3. Hit the Search Button

The data is shown on the screen.

The screenshot shows a web browser window displaying the AMASDA ONLINE website. The page title is "Main Query Results - Mozilla Firefox". The URL in the address bar is "https://arkarcheology.uark.edu/amasdaonline/index.html?pageName=Main%20Query%20Results&table=site%20info&mainkey=Site%20Number". The website header includes the Arkansas Archeological Survey logo and the text "AMASDA ONLINE - Archeological Sites Database -". Below the header, there are navigation tabs for "Search AMASDA", "Citations", "Radiocarbon", and "Study Units". The main content area is titled "Main Query Results" and contains a table with the following data:

Site Number	Temp Site Number	Date Site Number Assigned	Date Coordinating Office Received Site Form	Date of Last Field Visit	Visit by Survey Personnel	Locational Reliability	Additional Site Numbers	UTM Easting	UTM Northing
<a href="#">3BE0413</a>	5D-2	8503	8503	8503 1080512	1	Good		414120	4017290

Below the table, there is a "1 Record Found" message and two download options: "Download Site Forms for All Listed Sites (Max 100 Sites)" and "Download Info for All Listed Results". There are also links for "Instructions for Access".

**Four options are available for downloading the information.**

1. Download Site Forms for All Listed Sites  
This is the complete site form in a tiff format
2. Download Info for All Listed Sites – in Access
3. Download Info for All Listed Results in Excel Format
4. Print Info for All Listed Results

Let's choose Option 3: Download Info... in Excel Format.

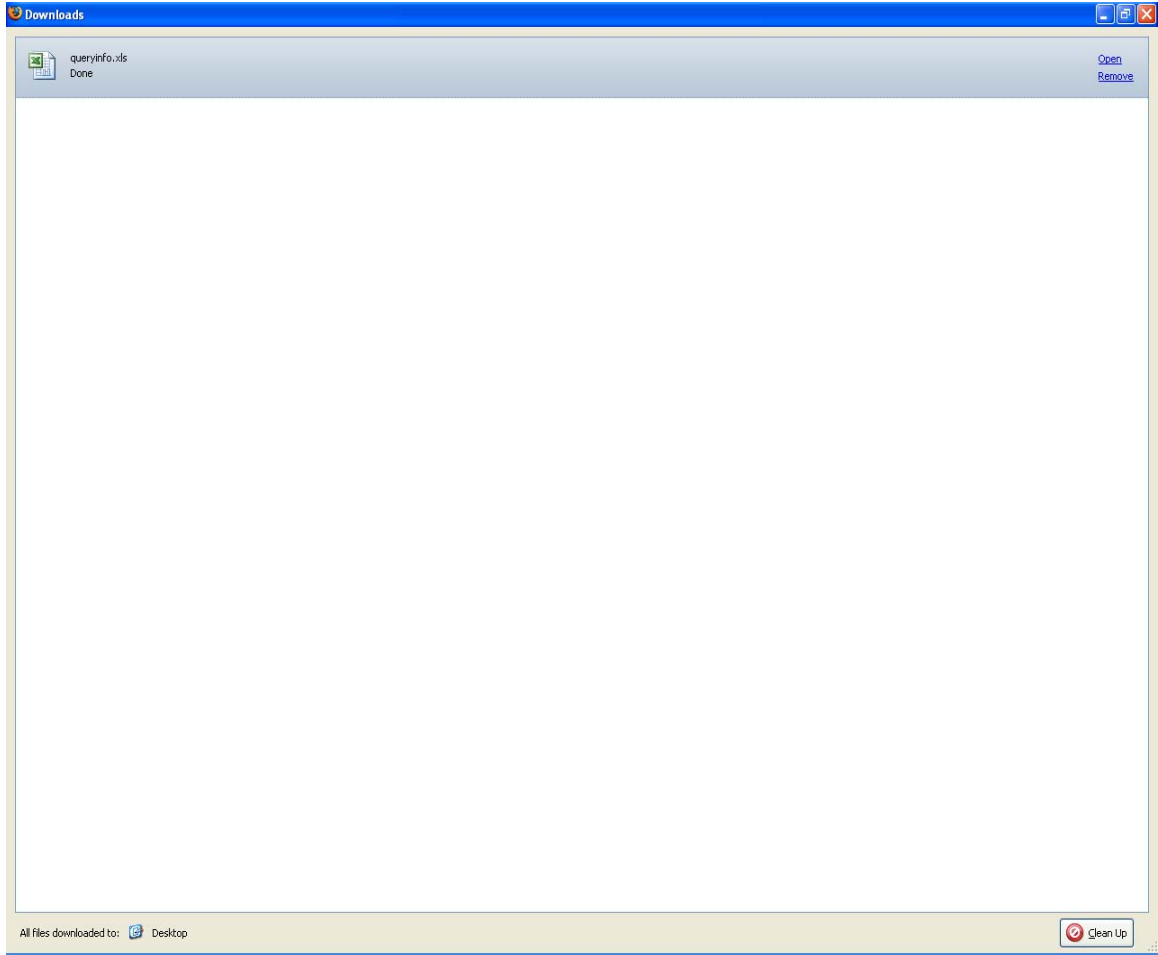

**This screen will appear. Choose Open and Click OK.**

The screenshot shows a Mozilla Firefox browser window displaying a web application interface. The browser's address bar shows the URL: <https://arkarcheology.uark.edu/amasdaonline/index.html?pageName=Main%20Query%20Results&table=site%20info&mainkey=Site%20Number>. The page content includes a sidebar with navigation options like 'Study Units', 'Views', and 'Logout'. A table displays query results with the following data:

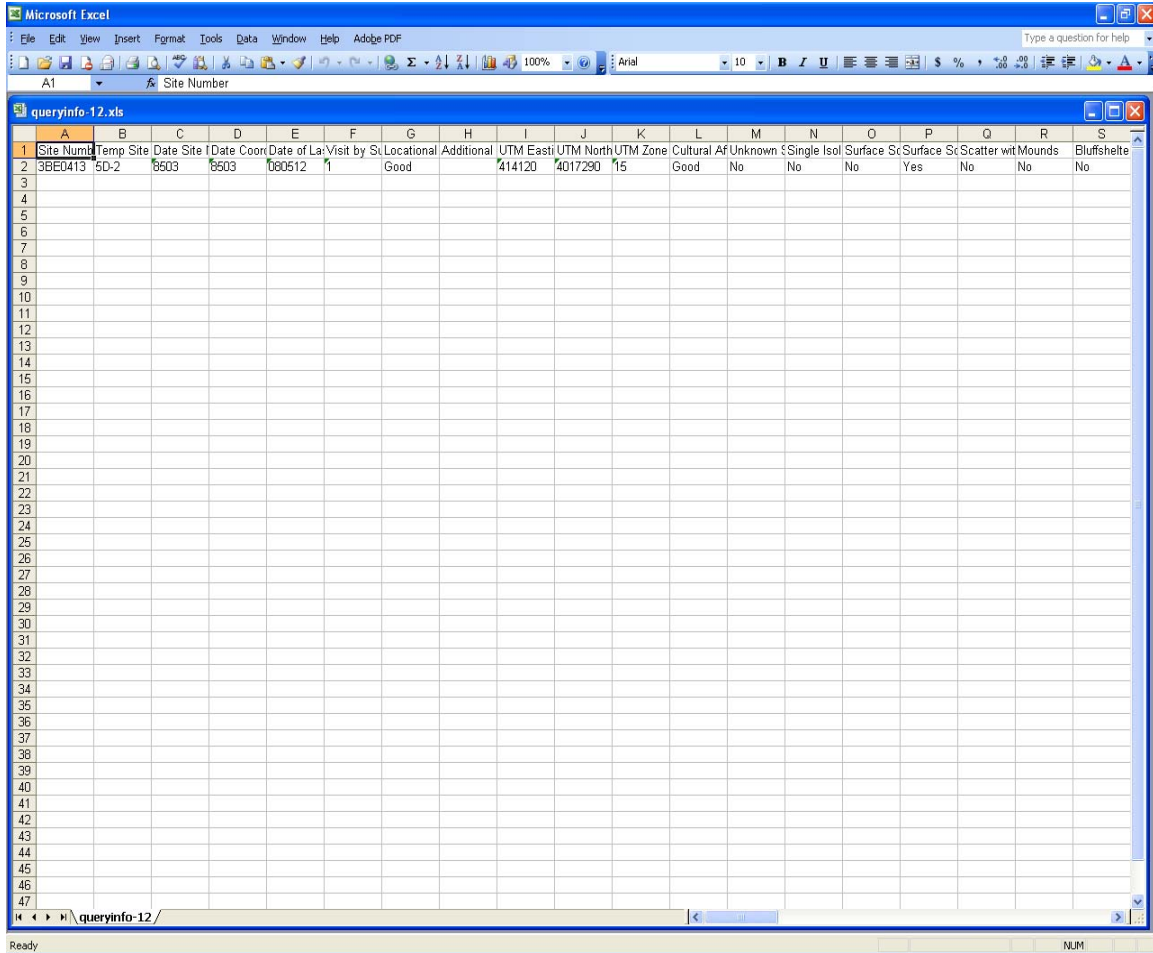

Site Number	Temp Site Number	Date Site Number Assigned	Date Coordinating Office Received Site Form	Date of Last Field Visit	Visit by Survey Personnel	Locational Reliability	Additional Site Numbers	UTM Easting	UTM Northing
<a href="#">3BE0413</a>	5D-2	8503	8503	080512	1	Good		414120	4017290

Below the table, there are several buttons for data management: 'Download Site Forms for All Listed Sites (Max 100 Sites)', 'Download Info for All Listed Results' (with a link to 'Instructions for Access'), 'Download Info for All Listed Results in Excel Format (\*.xls)', and 'Print Info for All Listed Results'. A status bar at the bottom indicates '1 Record Found'. A dialog box titled 'Opening queryinfo.xls' is overlaid on the page, showing options to 'Open with Microsoft Office Excel (default)', 'Save to Disk', or 'Do this automatically for files like this from now on'. The 'Open with' option is selected, and the 'OK' button is highlighted.

## Choose open again.

**For this example, the information was downloaded into Excel.**

The screenshot shows a Microsoft Excel window titled "queryinfo-12.xls". The spreadsheet contains a table with the following data:

1	A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R	S		
	Site Num	Temp Site Date	Site Date	Coord	Date of Last	Visit by	Sl	Locational	Additional	UTM East	UTM North	UTM Zone	Cultural Af	Unknown	Single Isol	Surface Sc	Surface Sc	Scatter wit	Mounds	Bluffshelte	
2	3BE0413	5D-2	8503	8503	080512	1		Good		414120	4017290	15	Good	No	No	No	Yes	No	No	No

**Now close the Excel window and click Search AMASDA again.**

## The same options are available for Projects.

To do a “wildcard” search, use % at the beginning of the word or phrase and another % at the end. This is very helpful for searching project names.

For example, select the Projects table, then enter %Fordyce% in the Project Name field and click “Search.”

Arkansas Archeological Survey  
AMASDA ONLINE  
- Archeological Sites Database -

Search AMASDA    Citations    Radiocarbon    Study Units

**Main Query**

Select a Table: **projects**

Select All Fields    Do Not Select Any Fields

AMASDA Number: [ ]

3. Print Info for All Listed Results

## Other Databases available:

Citation –

The available bibliographic resources in the Registrar's Office are included in the Citation database.

Arkansas database                      Reports from projects in Arkansas

General Southeastern Database      Reports available form other SE states

Full-text and non full-text instructions are provided.

The screenshot shows a web browser window titled "AMASDA Online: Search for Citations - Mozilla Firefox". The address bar contains the URL "https://arkarcheology.uark.edu/amasdaonline/index.html?pageName=Search%20for%20Citations". The browser's search bar shows "Google".

The main content area of the browser displays the "AMASDA ONLINE - Archeological Sites Database" website. The page has a dark blue header with the Arkansas Archeological Survey logo on the left and the text "AMASDA ONLINE - Archeological Sites Database" on the right. Below the header is a navigation bar with tabs for "Search AMASDA", "Citations", "Radiocarbon", and "Study Units".

The "Citations" tab is active, showing a search interface. On the left side, there is a vertical menu with the following items: "+ Search AMASDA", "- Citations" (with sub-items: "Search for Citations", "Keywords", "Full Text Search Instructions", "Non-Full Text Search Instructions"), "+ Radiocarbon", and "+ Study Units". Below the menu is a "Views" section with options: "Normal View", "Guest View", "Query View", "AHTD View", "Stations View", and "Data Entry View".

The main search area is divided into two sections: "Basic Search:" and "Advanced Search:". Both sections have identical options: "Arkansas Database:" (selected), "General Southeastern Database:" (unselected), "Both Databases:" (unselected), "Include Abstract:" (checked), "Include AMASDA Number:" (checked), "Full Text Search:" (checked) with links to "(Instructions)" and "(Non-Full Text Search Instructions)", and "Alphabetized:" (selected) with "Best Results First:" (unselected). Below these options is a "Search all categories for:" text box and a "Search" button.

At the bottom of the search area, there are input fields for "Search Authors:", "Search Year:", "Search Article Title:", and "Search Technical Report/Book Title:". The browser's status bar at the bottom shows "Done" on the left and "arkarcheology.uark.edu" on the right.

## Radiocarbon Database.

You can search by Site Number, AMASDA number, or Site Name

The screenshot shows a Mozilla Firefox browser window displaying the AMASDA ONLINE website. The browser's address bar shows the URL: <https://arkarcheology.uark.edu/amasdaonline/index.html?pageName=Search%20Radiocarbon>. The website header includes the logo for the Arkansas Archeological Survey and the text "AMASDA ONLINE - Archeological Sites Database -". Below the header is a navigation menu with tabs for "Search AMASDA", "Citations", "Radiocarbon", and "Study Units". The "Radiocarbon" tab is selected. On the left side, there is a vertical menu with expandable sections for "Search AMASDA", "Citations", "Radiocarbon", and "Study Units". The main content area features a "Search Radiocarbon:" section with three input fields: "Search Site Number\*\*:", "Search AMASDA Number:", and "Search Site Name:". Below these fields is a note: "\*\* - Site numbers should be composed of one digit, two letters, then 4 digits. Example: 3LN0042". There are "Search" and "Get All" buttons. At the bottom of the page, there are links for "Home", "Citations", "Radiocarbon", and "Study Units", along with a "View Printer Friendly Page" link. The footer includes a "Logout" link and the text "Last Updated: February 20, 2007 at 11:12:47 AM Central Time". The browser's status bar at the bottom shows "Done" and the URL "arkarcheology.uark.edu".

## Study Units

Pick a Region and Period.

Study Unit Selection.

Key Sites

Note: this database is currently under development and does not contain very many site and diagnostic artifact images. Study Unit definitions are also being revised. To see how this element of the online system will work when completed, select the Arkansas Valley region and the Woodland Time period, then click the “Submit” button. The return screen will contain information drawn from several databases on the Plum Bayou culture. Click on the Toltec mounds link in the Key Sites category for additional information.

The screenshot shows a web browser window with the URL <https://arkarcheology.uark.edu/amasdaonline/index.html?pageName=Pick%20Region%20and%20Period>. The page title is "Study Units: Pick Region and Period - Mozilla Firefox". The website header includes the logo for the Arkansas Archeological Survey and the text "AMASDA ONLINE - Archeological Sites Database -". Below the header is a navigation menu with links for "AMASDA", "Search AMASDA", "Citations", "Radiocarbon", and "Study Units". On the left side, there is a sidebar menu with expandable sections: "+ AMASDA", "+ Search AMASDA", "+ Citations", "+ Radiocarbon", and "- Study Units". Under the "Study Units" section, there are links for "Pick Region and Period", "Study Unit Selection", and "Key Sites". Below the sidebar, there are "Views" options: "Normal View", "Guest View", "Query View", "AHTD View", "Stations View", and "Data Entry View". The main content area features a form with the following fields:

Select a Region:	<input type="text" value="Arkansas Valley"/>
Region Summary:	The Arkansas Valley is a wide trough separating the Ozark Highlands and the Ouachita Mountains. The Arkansas River connects the Mississippi Alluvial Valley on the east with the Great Plains on the west. Vegetation consists of bottomland hardwoods along the river margins, with upland hardwood and pine/hardwood forests and scattered prairies covering the higher areas.
Select a Period of Time:	<input type="text" value="Woodland Period, 650 BC - AD 950"/>
Period Summary:	The Woodland Period (650 B.C. - A.D. 950) is characterized by mixed hunting, gathering, and farming economies and the emergence of regional cultural distinctions, leadership institutions, and the use of pottery and the bow and arrow.
<input type="button" value="Submit"/>	

At the bottom of the page, there is a footer with links for "Home", "Citations", "Radiocarbon", and "Study Units". The browser status bar shows "Done" and the address "arkarcheology.uark.edu".
